APPEALS IN THREE WARDS ARE HEARD BY CITY COUNCIL

Board Winds Up Public Consideration of Assessment Protests.

CONFERENCES ARE PENDING

Further Evidences Will Be Taken Before Decisions Are Returned and Final Approval Is Given Work of Assessor Thomas; Few Complain.

Appeals from 1916 property assessments in the Fifth, Sixth and Seventh wards were heard by council this morning. This completed the work of the board so far as the public hearings were concerned, but a number of private conferences on the appeals will be held before the final decisions are reached. There were five appeals from the Fifth, six from the Seventh and seven from the Sixth ward.

S. R. Goldsmith appeared in behalf of Marie Gigliotti. He declared that his client's lot on Merrill avenue was assessed at \$726, but she would be glad to accept \$500 for it.

Dr. Catherine Wakefield appealed from the assessment of \$3,800 on two houses on Vine street, which were bought for \$3,100.

F. T. Evans called attention to a report of the assessment of lots in the Kenney property. A number of these do not now belong to the estate, he declared. Four lots near the Crescent works, assessed at \$1,400, would be sold for \$1,000, he said.

Josee Keck protested an assessment of \$3,500 on a double house on Crescent avenue, for which \$4,000 would be accepted.

S. S. Smider claimed that \$6,000 was too high for his apartment house on South Pittsburgh street, for which \$10,000 would be an acceptable price.

John J. McLaughlin stated he would accept \$3,600 for his house on South

James N. McManis protested against the assessment of \$340 on a property on Clay street, for which he would

James R. Cray, the Uniontown attorney, presented the appeal of the Connelleville & State Line Railroad Company. He claimed a double assessment on lots 455 and 456, asked the elimination of two lots included in the right of way of the road and 12 lots, half of which are used for railroad purposes and will not be used for any other purpose.

Benjamin Goldsmith asked for a of Abrie Gighott. He declared that Greenwood, known as "the under-

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When Constipated or Bilious Give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, great heat, has "stomach-aches," sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "Fruit Laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

OHIOVILLE.

OHIOVILLE, Nov. 5.—Mrs. William Rolfe of Kentucky while driving to town Wednesday to do some shopping met with a very painful accident. The horse became frightened while coming down Cummins Hill, throwing Mrs. Rolfe out of the buggy. Mrs. Rolfe was rendered unconscious by the fall, breaking an arm and both jaws. She was removed to the Uniontown Hospital yesterday.

The Lincoln Coal Company of this place were surprised when they went to work yesterday and found that their little donkey, used for mining purposes was gone. The lock on the stable was broken and it was thought that the donkey was stolen or turned loose as no track has been found of the animal. John Walters and John Robinson returned to Uniontown yesterday after a several days hunting trip in this vicinity.

Earl Shipley of Hopwood, is the guest of Mrs. J. R. Eney and family on Commercial street.

Henry McCartney of McKeesport, is spending a few days here on a hunting trip.

R. V. Titterton was a business visitor in Uniontown yesterday.

Mrs. R. C. Holt and daughter Jean, were shopping and calling on Conneltsville friends yesterday.

Chas. Shaw was a Confluence caller yesterday.

Mrs. Richard Rice spent yesterday calling on friends in Uniontown.

Mrs. G. Shipley of Midwell, was calling on Ohioville friends yesterday.

MEYERSDALE.

MEYERSDALE, Nov. 4.—Mrs. Mary Reese, widow of the late Thomas Reese, died at her home on the South Side, Wednesday afternoon, aged 71 years, 3 months and 21 days. Three years ago Mrs. Reese was stricken with paralysis from which she never fully recovered. She is survived by one son and two daughters as follows: William Reese and Mrs. Edward Leonard of this place, and Miss Kathryn Reese of Pittsburg. Six grandchildren also survive her. Services will be held on Friday afternoon and will be in charge of Rev. D. W. Michael of Zion Lutheran Church. Interment will be made in the Union cemetery.

T. H. Photo of Berlin, was transacting business in town yesterday.

We Get In Proportion to What We Give

The values, the store service, and the credit helps we render our customers, bring great returns to us. When we publish an offer of this kind we benefit ourselves as much as we do those who take advantage of it. Every one of these Duofold Suites sold at this remarkably low price will make friends for this store. We have found that people appreciate true value-giving, and so when we publish this remarkable offer it is as much from a selfish motive as it is from a desire to help our customers. For we know that in helping them we help ourselves.

The Ideal Living Room Furniture of Today.

We can safely venture to say that there are more of these living room suites sold today than any other type of furniture for the living room. The reason is very obvious. Not only is this type of furniture more comfortable than the stiff back, spindly variety of former days, but it is also more practical.

Two Simple Operations are All That are Necessary

To all intents and purposes this Duofold Bed Davenport is nothing but a beautiful Divan. But with two slight operations this Divan can be quickly changed into a full sized bed. Just as you see it pictured in the center of the Divan bed in the illustration.

Living Room by Day—Bed Room by Night

It's the simplest thing in the world to convert your living room into a bed room with this Duofold Outfit. Inserted in the center of the Davenport illustration you will find a picture showing how this Duofold appears when open and ready for bed at night. You'll see that you sleep over a spring construction bed and not over hard upholstery.

The Position of the Bed is Different from the Large Davenport

These Duofold Divan Beds take up less room than the large davenports during the day. But at night they open up into the same sized bed as the bed davenport except that you lie with your head to the back of the Divan. See illustration.

ATLANTIC GASOLINE is all gas

Here's concentrated power that will put vigor in your motor and figures on your speedometer. You can start quicker and easier with Atlantic Gasoline. It will give you practically as much mileage in cold weather as in warm.

Its uniform "boiling point" assures every gallon being exactly like the last and does away with frequent carburetor adjustments.

Specify ATLANTIC when you buy "gas." All good garages sell it. Atlantic trucks and tanks deliver any quantity, anywhere, any time.

Lubricate with Atlantic POLARINE. It flows freely at any temperature, and is a sure preventive of parched cylinder chambers.

FRIDAY EVENING (NOV. 5, 1915).

REPUBLICANS.

It is no wonder the people of Fayette county and the country look with suspicion upon Democratic proposals of reform under the existing management of Democratic reformers. The Democratic party has been a cheerful repudiation of its pledges. Here are some of the things the Baltimore Platform of 1912 promised the people, with pertinent observations on the manner in which they were evaded or ignored:

1. Specific Indemnity of free title for American vessels through the Panama Canal. Repudiated by Congressional act imposing tolls.

2. Formal assertion of the rights of the states, with a vigorous denunciation of "our opponents" for their "usurpation" in their efforts to deprive the states of any of the rights reserved to them, so as to enhance and magnify by indifference the powers of the Federal Government. Repudiated by the Ferris bill, an Administration measure.

3. A moderate conservation approved with the reservation that the public domain should be "administered and disposed of" with due regard to the general welfare, and the "policy of withdrawing enormous tracts of public land on which two growth never existed and cannot be promoted" should be discontinued. Repudiated by continuance of the restrictive methods of Philadelphia through the customary departmental rules and regulations.

4. Single Presidential term. Indorsed, with "the candidate of this principle" ignored by candidates and party.

5. Extravagance in public expenditures denounced and a "return to that simplicity and economy which built a Democratic Government" promised. Congressional appropriations by the Democrats the greatest in history.

6. Civil service law "honestly and rigidly enforced" approved. But in practice ignored wherever possible by officials and openly repudiated by spoils legislation designed to avoid the civil service.

7. Full protection to American citizens abroad and to their property in any foreign country guaranteed. Repudiated affirmatively by the Wilson and Bryan Mexican policy.

In the meantime the American people are getting ready to repudiate the Republicans in 1916.

CONSERVATION.

The Democratic administration is discriminating against Pennsylvania in the matter of appropriations for the purchase of forest preserves in the Appalachian mountains. The sum of \$2,000,000 has been set aside for this purpose, but none of it has been spent in this state, which perhaps contains more of the Appalachian mountain system than any other state in the union. West Virginia has over 100,000 acres approved for purchase. At this rate Pennsylvania should have 200,000 acres to add to the million acres we have already set aside as a state. Perhaps we will get it when we have a Republican administration.

In the meantime the American Forestry Association is endeavoring to secure an annual appropriation of \$2,000,000 for the purchase of Appalachian forest lands. This is in line with the doctrine of conservation as inaugurated by President Roosevelt, but it is in danger of being neglected by the next Chief Executive, who should take the conservation of the national existence will be the first consideration, and the first inquiry will be where to get the money to pay the bill.

EQUITABLE ASSESSMENTS.

It is perhaps too much to expect that any method of making city assessments will ever be invented that will be entirely equitable and wholly satisfactory, but the adoption of a simple and direct rate establishing valuations on a fixed ratio of actual market value, such ratio bearing proper relation to the rate at which other properties are assessed in other portions of the county, would no doubt render more general satisfaction than any other. It would at least have the merit of not discriminating as between the city taxpayers.

Councilman Duggan proposes an advisory committee of business men to cooperate with the Council in the matter of water question. Perhaps Councilman Lane, Hooper and Wright would serve on the committee. They will be out of a municipal job by that time.

Editor J. O'Donnell is at some pains to represent Editor A. Cooper as being addicted to personal abuse in the columns of his newspaper. Why should the pot call the old black bucket black?

It's about time for the afternoon papers to protest against all the Thompson news being held up for the morning newspapers. Let's have a fair divide.

America First is all right, but it must be remembered that Woodrow didn't see this slogan first.

NOVELS AND NOVELISTS.

A leading novelist thinks the novel is doomed. He says the people are now absorbed in automobiles and moving picture shows. He is probably borrowing trouble. There are still a large number of persons who read novels, if the records of the publisher libraries are any indication.

But by the same token there are plenty of novelists, and no lack of novels. Under the fostering influence of the cheaper magazines and the growing number of publishers, writers have increased and multiplied in this country until fiction has become more of an industry than an art. Under the circumstances it is rather complimentary to the modern novelist that he is so well read.

Nevertheless this is an age of progress, and some of the brightest things in literature have been the products of the modern writer's pen, or rather his typewriter, for the modern author is right up to the minute. If he does not use a typewriter he is likely to lose a dictionary.

This is a fast age, and some of the novels are faster yet.

RICKLESS FAMILIARITY.

To an ordinary observer it is hard to understand why a trolley or railroad employee should fall asleep on the tracks, since nobody should better know the dangers of doing so. Nevertheless, in spite of the efforts of the employees to spread the doctrine of safety first it remains a lamentable fact that persons most exposed to dangers insensibly or otherwise become reckless of them, hence the anomaly of frequent accidents among the classes wherein they should be few.

The Clontown Record says the third clontown controller is the city's accountant not its legal adviser. This is true, more's the pity. The City Controller's powers under the law are not as broad as they ought to be. The franchise of the law would be a democracy. They had been bitten by the commission government bug.

The News is still explaining the Democratic defeat.

There's not much consolation for the Democratic organs in the election returns, but that does not prevent the Connelville News from keeping up the search.

The News says we cannot see into the future any further than we can throw a ball by the wall. Nor do we pretend to any powers of divination, but only to such reasonable interpretation as that which prompted Patrick Henry to say, "I know of no way of judging the future but by the past."

The Connelville-Coke market hasn't run away, but it evinces symptoms of taking the bit in its teeth.

Between the ship, of the Baltimore & Ohio and the Western Maryland railroads to additional room for new tracks along its banks, the D.C. & W. will soon find little room to grow. The old Indian chief said two centuries ago when he said, "The English claim all the lands on one side of the Ohio and the French all the lands on the other. Where, then, are the Indian lands?"

Let us hope that the railroads will not fill up the Young river. We prohibitionists might have to fill up on something else.

The country economized in everything but natural gas during the year 1914. Natural gas is one of those luxuries which the housewife is prone to look upon as a necessity.

"Throwing the bull" is a favorite expression of the barefoot organs of Fayette county. The political bulls that wander through their columns are not hard to throw.

The Clontown Record speaks of "George W. Daily," the Mayor-elect. Such is fame in a man's home town.

There are rumors that Germany offers peace provided her bill is paid, but that England declares it is a right to the British. Is it possible William has started something he can't stop?

Forest fires follow promptly upon the opening of the hunting season in the vicinity of Connelville, and it is not always that the Wild Fire are not always as careful as they might be.

That Carranza cannot will occupy the whole American tent before long.

The West Side bough found which cleaned out a chicken coop wasn't particular about the Wild Life. The tame birds looked just as good to him.

Harvey Jordan is now convinced that it is hard to steal a stove and get away with it.

The President of China has 31 children and is accused of having ambitions as a monarch. He has enough of a family to found a dynasty.

Turkeys are reported to be scarce and high. It's the old, old Thanksgiving story.

Cool tar is a sticky substance, but just now it isn't sticking at the price.

The Thompson settlement may be in sight, but some people are determined to reduce their claims to judgment.

Twenty millions is a big sum of money, but it must be remembered that New York has money to burn just now.

Editor J. O'Donnell is at some pains to represent Editor A. Cooper as being addicted to personal abuse in the columns of his newspaper. Why should the pot call the old black bucket black?

It's about time for the afternoon papers to protest against all the Thompson news being held up for the morning newspapers. Let's have a fair divide.

America First is all right, but it must be remembered that Woodrow didn't see this slogan first.

OUCH! MY BACK! RUB
LUMBAGO PAIN AWAY

Rub Backache Away With
Small Trial Bottle of Old
"St. Jacob's Oil."

When your back is sore and lumbago or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest St. Jacob's Oil! It is muscular sore, pour a little in your hand and rub it right on your aching back, and by the time you quit this, the soreness and lameness is gone.
Don't say "crippled!" This soothing penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is muscular yet absolutely harmless and doesn't burn the skin.
Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!—Adv.

SMITHFIELD.

SMITHFIELD, Nov. 5.—Smithfield, which is usually Republican, mixed things a little at Tuesday's election.

This was due to local issues. The Democrats elected both school directors in the borough, P. O. Vito and R. M. Britt, the majority inspectors of election and of the two auditors. The Republicans elected all four of the councilmen as follows: R. G. Bonnen, H. H. Culbert, Jesse G. Jones and S. H. Miller.
Homer Yanco has a pumpkin on exhibition in his show window that weighs 47½ pounds. It is of the pie pumpkin variety and was grown by Garrett Monaghan of Anderson's Cross Roads.

Mrs. Aaron Hodges of Nicholson township was a borough shopper on Wednesday.
Many hills are still under the assault of the duff of tea in the borough schools. She is suffering with inflammatory rheumatism.
Mrs. Thomas Howell is seriously ill at her home on Water street.
Mr. and Mrs. Jesse Conn of South Georgia were in the borough Wednesday consulting a doctor who is treating Mrs. Conn for muscular rheumatism.
Ray Thomas has purchased a Ford runabout.
Mrs. D. S. Smith is under treatment threatened with appendicitis. Altha Grinn of the Valley school house was a borough visitor today.

STOMACH MISERY
QUICKLY VANISHES

Your money back if you want it. It is the way in which A. A. Clarke, the popular druggist, is selling Mi-o-na, the great dyspepsia remedy.
This is an unusual plan, but Mi-o-na has so much merit and is so almost infallibly successful in relieving all forms of indigestion that he runs but little risk in selling it under a guarantee of this kind.
Do not be miserable or make your friends miserable with your dyspepsia. Mi-o-na will help you. If it doesn't, A. A. Clarke, that you want your money back and he will cheerfully refund it.
A chance for the better will be seen from the first few doses of Mi-o-na, and its continued use will soon set you on the road to perfect digestion and enjoyment of food.
Mi-o-na has been so uniformly successful that every box is sold under a positive guarantee to refund the money if it does not relieve. What fair proposition could be made?
A. A. Clarke gives his personal guarantee of "money back if you want it" with every box of Mi-o-na that he sells. A guarantee like this speaks volumes for the merit of the remedy.

THE NEWEST REMEDY FOR
Backache, Rheumatism and Dropsy

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, the natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. They follow depression, aches and pains, heaviness, drowsiness, irritability, headache, chills and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. This uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints it causes lumbago, rheumatism, gout or sciatica. This is the time to try Anurid. During digestion uric acid is absorbed into the system from meat eaten, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anurid," the new discovery of Dr. Pierce for kidney trouble and

FURNACE CAPACITY OF U. S. ESTIMATED AT 38,000,000 TONS

Recent Records Make It Necessary to Adopt New Figures.

RUNNING AHEAD OF CAPACITY

Output in September Shows that Furnace Nations as to Annual Tonnage Must be Revised, and Trade Paper Makes a 1,000,000 Ton Increase.

A fact much discussed in coke circles recently is the fact that the furnace capacity of the United States is larger than has been estimated. It is a fact which, in many instances, perhaps the majority, consuming more coke than ever before, says the American Metal Market. The capacity of the United States, which has been developing in the middle of October has been attributed in part to this fact, resulting in operators having requirement contracts being obligated to ship considerably more coke to their customers than they had anticipated. From this fact, as well as certain comparisons that can be made on the basis of the monthly blast furnace report, it becomes established that the blast furnace capacity of the United States is larger than has been estimated. It has become well recognized that it is idle to attempt to estimate the total pig iron making capacity of the country by adding up the estimated capacities of individual furnaces as listed in the iron and steel works directory, since there are furnaces listed that are practically abandoned but which are practically certain never to run, and many furnaces managers run their stacks in terms of nominal rather than actual proved capacity. It is because the custom, therefore, in making estimates of total blast furnace capacity, to take this actual performance at the latest period in which there was heavy production as a basis, and make allowances for furnaces then idle and furnaces since completed by such means it has been possible to keep fairly good track of our blast furnace capacity through good times and bad. It now develops, however, that the condition of old blast furnaces breaking their former records makes the existing capacity greater than was supposed by means of 2,000,000 or 3,000,000 tons a year.

Prior to the present movement, the maximum rate of pig iron output was attained in February, 1913, when the output was at the rate of 21,000,000 tons annually. The output of the 200 coke and anthracite furnaces was at the rate of 208 tons per furnace per day. The output in September, with an average of the present output in blast, was 354 tons per furnace per day. The difference suggests at once the desirability of further investigation. Means for obtaining a close estimate of the present capacity are furnished by the information that while the coke and anthracite capacity in blast October last was 27,545 tons daily, there were on that date, of furnaces in blast in February, 1913, 50 stacks with a capacity of 10,000 tons daily. Adding this to the active capacity and allowing for current pig iron is indicated a capacity of 37,500,000 tons with allowance still to be made for furnaces that chance to be idle both in February, 1913, and on October 1, 1915, that 40,000,000 tons may safely be taken as a basis for estimating a higher figure might easily be assumed, but it is important for the object of this discussion to show that the existing capacity is greater than was assumed only recently.

From the 10,000,000 tons there are two possible allowances to be made. The number of running stacks is 10,000 tons makes it that insufficient allowance, if any allowance at all, in made for running. Under pressure retorting is done quickly, but furnaces operated under pressure require retorting at particularly short intervals. To take this out for retorting at one-sixth would be equivalent to 15 days every two years, or 60 days every ten years, and such estimates seem excessive, 65 being probably a ample allowance. This full amount deducted from 10,000,000 tons would still leave 27,500,000 tons for a conservatively low estimate of the actual capacity over a period of years, provided the output recently attained were not due to exceptionally good weather conditions. As the ratings for September last were based chiefly upon September performance, and September was a rather warm month, there is no occasion to make allowance on this score.

SUGGESTIONS TO WOMEN

Who are "Just Heavily to Drop." When you are just "heavily to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, you need help. You can get it just as Mrs. Maxwell did, she says:

"I keep house for my little family of three, and became completely run-down. I was weak, nervous and could not sleep. Finally I was unable to do my housework. A friend asked me to try Vinol. I did so and improved rapidly. It toned up my system, I regained my strength, and no longer nervous, sleep well, and do all my housework."

There is an secret about Vinol. It gives the success to the medicinal extractives of fresh cod livers, tonic iron and beef peptone, the oldest and most famous body-building and strength-giving tonic.

So many letters like the above are continually coming to our attention, that we freely offer to return the money paid for Vinol in every case where it fails to give satisfaction. Lauchery Drug Co., Connellsville, Pa. Adv.

Splendid Laxative for Elderly People

Has Been Prescribed by Well Known Physicians for Many Years.

The indications of age are especially manifest in a tendency to constipation, and call for treatment that will afford relief in an easy, natural manner. The rapid action of cathartic remedies and purgatives that shock the system should be avoided, more especially as the elderly are in a more tender condition and are usually more taken off by disturbances to the vital organs caused by their violent action.

Nearly thirty years ago Dr. W. B. Caldwell, Monticello, Ill., prescribed a compound of simple laxative herbs that has since become the standard household remedy in thousands of homes. It acts easily and gently, yet with positive effect, without griping or other pain or discomfort. Mrs. Rachel Allen, Galesburg, Kan., is seventy-one years old, and after using a bottle of Dr. Caldwell's Syrup Pepsin, wrote that it had done her a world of good and that she intends to keep it in the house always.

MRS. RACHEL ALLEN.
Druggists sell Dr. Caldwell's Syrup Pepsin for fifty cents a bottle. It is a splendid, ready and should be in every home. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

At the Theatres

SOISSON THEATRE.

"NEAL OF THE NAVY."—Lillian Lorraine and William Courtleigh are the stars today at the Soisson Theatre in the sixth chapter of the thrilling serial, "Neal of the Navy." This is a truly sensational play and has many exciting incidents. "Room and Board"—A Dollar and a Half, is a rollicking two reel Lika comedy with Billie Mitchell, Louise Orth and Henry Bergman. It is a tragedy of Spook land and haunting home life in which the star bander goes a few stars. "Lion of the Lones Mountain."—A strong five act drama with Lou Chumey in the lead. It is the story of the trials of a mountain wolf. "Frankful Pontes" is a vivid vaudeville act that is decidedly interesting, and "Invest Oddities," a splendid oddities act. Tomorrow the Win. A. Brady Company present the charming little actress, Jess Collins in the five reel dramatic success, "The Impostor."

"THE IMPOSTOR."—World Film Corporation presents the pictureization of Douglas Murray's successful play, "The Impostor." F. H. Albert Capellani, the director who produced the famous World photoplay, "The Face in the Moonlight," is responsible for "The Impostor," which like the picture just named, has a dual role for its chief source of interest. A rich and delicious comedy; his brother takes his place and impersonates him. Both characters are played by the well known motion picture actor, Alvin Francis, whose splendid services in the past of the silent drama are receiving widespread recognition.

The dual role has been popular with great actors. From time immemorial living played Dubois and Lemougue in "The Lion's Mail." Shakespeare's "Two Dromios" gives opportunity to an actor to double the role.

The story of "The Impostor" is a powerful one; when the living man impersonates the dead one, he encounters many formidable obstacles to peace of mind, and riches which he has lost, and the living man, the victor of his imposture. He has a companion in his fraud—a kooky girl. The presence of the eternal feminine of course, causes the plot to thicken.

Joe Collins, the vivacious, beautiful daughter of a famous mother (didn't some of us whom it up when Little sang "Ta-ra-bum-dee") in the "30's", plays the part of the impostor, appropriately named "The Terror."

"The Impostor" will be shown at the Soisson Theatre tomorrow.

COLONIAL THEATRE.

"UNCLE TOM'S CABIN."—Earl Burgess' mammoth, scenic and spectacular revival of the great and overhauling celebrated masterpiece of Harriet Beecher Stowe, entitled "Uncle Tom's Cabin," will be given at the Colonial Theatre this afternoon and tonight. It is one of the grandest and most interesting and heart-rending plays ever placed upon the stage, and it will live forever in the memory of the theatre-going public. Mr. Burgess, the enterprising manager, has taken pains to stage and producing the original version of Mrs. Stowe's beautiful story, every year trying to outdo the previous. In the company this season are colored people, engaged to all out the many pictures of the play and introduce their many old and new songs, dances and plantation shins. Seats are on sale at Huston's drug store.

GLOBE THEATRE.

"MIDNIGHT AT MAXIM'S."—A spectacular four act cabaret show is a great attraction tomorrow. If ever a picture was adapted to carry out the spirit of Broadway, this is it. It is safe to assume that such an assortment

ment of beauty has never appeared in one picture. The production is unique and is well handled in every respect. The Masin cabaret girls appear in the balcony parade, the hon. hon. belles, the oriental maids, novelty dance and Maxim ballet. The actor girls are seen in the Chinese fantasy the eye promenade, while the Huston girls appear in the staff number, the bathing revues, and the dokey dance. Specialties are introduced by well known vaudeville headliners as follows: Baroness Imprim of Rotterdam, Leo Brinkoff, Ethel Rose, the Charleston Girls, Watson and Dorothy Oatman. The cast includes Hullo Lloyd, Frank Wanderer, Ralph Stuart, Frank Swarlight and Alice Tottle. She, a young college student, becomes infatuated with Tottle, a dancer at Maxim's. Anxious to see more of the girl she, accompanied by three of his friends attends the midnight cabaret at Maxim's. Following the performance he meets Tottle, who promises to have supper with him. The other three friends also meet Tottle and gets her promise to have supper with them. A night is about to take place among the four when out walks Tottle with her husband. A sensational feature today is "The Woman Hunt" featuring Harry Walthall, Bryant Washburn and Edna Mayo. The production is an exciting drama in three acts. The woman hunt is featured in "The Irish in America," a dramatic three act, produced in Old Ireland by Sidney Olcott.

THERE IS A VAST ARMY

of men and women who really never know what it is to enjoy sound, vibrant health—who would be surprised to suddenly gain that exhilarating vitality that robust health brings.

Literally thousands without any particular sickness live in "general debility" as the doctors call it. They have headaches, are tired and indifferent. To all such people we say with unhesitating earnestness—"Take Scott's Emulsion after meals for one month and allow your oil-lod to enrich and enliven your blood, quicken your circulation, stimulate nutrition, and aid nature to develop that real red-blooded life that means activity, enjoyment, success."

Scott's Emulsion is not a drug, but a pleasant food—free from alcohol. One bottle will help you.

URGES PUNCTUALITY

Principal Jones of Division Asks All of Parents.

The Dawson public school closed their second month with an enrollment of 113, an average attendance of 92, or a percentage of 95. During the month 52 children were absent and 27 were tardy.

To aid in maintaining a high average of attendance, Principal Frank Jones is urging the parents to see that their children are regular in attendance and punctual at each session. He maintains that the three great essentials in getting the best work from each pupil are: Regular attendance, punctuality and diligence. "It is the duty of each parent to see that their children prepare the work assigned to them by the teacher, to be done at their evening study, the principal desires. Each parent should examine the monthly report carefully and if the child's grades are low should turn the reason. It is at this time the parent should visit the schools and counsel the teacher. Children do their best work when they know the teachers and the parents are working together."

Below is the attendance record for the month:

Room No. 1—First and second grades, boys, 23; girls, 21; per cent of attendance, 95.

Room No. 2—Third and fourth grades, boys, 23; girls, 18; per cent of attendance, 95.

Room No. 3—Fifth and sixth grades, boys, 18; girls, 16; per cent of attendance, 97.

Room No. 1—Seventh and eighth grades, boys, 13; girls, 11; per cent

FURNACES TAKEN OVER

By-Product Coke Corporation Gets Federal's Two Stacks.

The Federal Furnace Company has been absorbed by the By-Product Coke Corporation and will be dissolved. The Federal Furnace Company has owned and operated two blast furnace stacks at South Chicago and the By-Product Coke Corporation has operated a coke plant at the same place.

No change will be made in the selling arrangement for Federal pig iron, which will continue to be handled by Dickman Brown & Company, Chicago.

W. L. Brown and Donald Brown, respectively president and secretary of the Federal Furnace Company, have been directors of the coke company and will continue in that capacity.

Use Zemo for Eczema

Never mind how often you have tried and failed, you can stop burning, itching, oozing quickly by applying a little Zemo. It is a powerful skin medicine. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of pimples, black heads, rash, eczema, fever and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, Zemo is an exceptional remedy. It is not greasy, sticky or watery and it does not stain. When others fail it is the one dependable treatment for all skin troubles.

Zemo, Cleveland.

DR. CHARLES' FLESH FOOD

APPLIED AS A COLD CREAM ACTS AS A MEDICINE.

Wherever applied, its healing and nourishment is instantly absorbed by the pores. It strengthens and builds up the tissues underlying the skin and firm.

DR. CHARLES' FLESH FOOD is no new experiment. It has been in use for more than fifty years and during that time thousands of women and men have used it with entire satisfaction.

It is not to be classed with "Cold Creams" and other things of like superficial potency is proved by the fact that it is prescribed by leading physicians and used in hospitals for the nutrition of invalids whose stomachs are too weak to digest food.

DR. CHARLES' FLESH FOOD should be used by every woman who has the least desire to be attractive. It is the only preparation that will round out hollowed, thin cheeks or scrawny neck with Firm, Healthy Flesh and Remove Wrinkles from the face and hands, no matter how deep the furrow.

FOR DEVELOPING THE IMMATURE BUST or to make the breast firm, large and beautiful nothing can equal it. To prevent the breasts from drooping after weaning baby, mothers should always use DR. CHARLES' FLESH FOOD. It will also restore a bosom to its natural contour and beauty lost through nursing and sickness.

ON SALE AT ALL DRUGGISTS.

SPECIAL OFFER. The regular price of DR. CHARLES' FLESH FOOD is \$1.00 a box, but to introduce it into thousands of new homes we have decided to send Two (2) boxes to all who answer this advertisement and send us \$1.00. All packages are sent in plain wrapper, postage prepaid.

FREE. A Sample Box—Just enough to convince you of the great merit of DR. CHARLES' FLESH FOOD—will be sent free for 10 cents, which pays for cost of mailing. With this sample we will also send you our illustrated Book, "Art of Massage," which contains all the proper movements for massaging the face, neck and arms and full directions for developing the bust.

Mount Pleasant

Special to The Courier.
MOUNT PLEASANT, Nov. 5.—The Mount Pleasant high school football team on Saturday afternoon at the Frick Park will meet the fast Jeannette high school eleven. The local boys defeated the South Greensburg team on last Saturday and Jeannette being one of the best teams in this section, a good game is assured. The Mount Pleasant team has several open dates and the manager, Ralph Miller, of 441 Main street, would like to hear from 110 pound teams with open dates.

The ladies of the First Baptist Church are preparing to hold a rummage sale November 11 in the vacant Braddock store room on the corner of Main and Church streets.

The Girls' Friendly Society resumed their meetings for the winter at the Elks club rooms again. They have found a number of persons very glad and are busily engaged in planning and sewing for them. Rev. J. E. Hartman who was appointed a committee to take up the matter of associating all the town's charities to work together and helping those really in need of help and not helping those who do not need this help, was present at the meeting yesterday and asked them concerning their becoming members of the Associated Charities. Refreshments were served by the committee.

The first real snow fall came here yesterday when it snowed very fast for a few minutes.

The Christian Endeavor Society of the Mount Pleasant Church held a social last evening in their Sunday school room. The persons who attended were most of the young people of the town. A very pleasant evening was spent, after which Rev. E. S. Lott, aged 38 years, died at the home of his father, W. C. Lott of Hammondsville on Tuesday and will be buried in the Greenlick cemetery today.

Andrew, the 11 year old son of John Paraski, died in the Memorial Hospital and after preparing the body for burial at the Main street undertaking rooms of Julius Reichenman the body was taken to the home near Carpenter town. Funeral services will be held this afternoon from the Polish Church and interment in the Polish cemetery.

Mrs. Lloyd Darney of Scotland, was the guest of friends here yesterday.

Mrs. Clair Smith of Indiana, Pa., is the guest of friends here.

Miss Edith McCall of Poughkeepsie, N. Y., is visiting Mrs. George Storer.

Dickerson Run.

DICKERSON RUN, Nov. 5.—James Moser of Dawson and Charles Dunsap of this place were business callers in Uniontown yesterday.

"Midnight at Maxim's," a spectacular four act cabaret show, at the Globe Saturday, November 6, afternoon and night. Don't miss this one.

—Adv.—
J. M. Beatty of West Side, Connelville, spent Saturday here visiting his parents, Mr. and Mrs. George Beatty.

Mrs. Harry Lint is spending a few days visiting her sister, Mrs. William Bowman at Confluence.

Harry Sogder of Vanderbilt was a Pittsburgh business caller Wednesday. Frank McLaughlin, the new constable of Dunbar township, was a business caller at Uniontown yesterday.

Mr. and Mrs. Wilber Shallenberger were calling on Connelville friends yesterday afternoon.

C. J. McCormick of Uniontown was the guest of friends here yesterday.

Clarence Lint and Edward Lewis returned home yesterday from a very successful hunting trip to Greene county.

ONLY SIXTEEN,
GIRL VERY SICK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 3961 Tchoupitoulas St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."

—Miss ESTHER M. MAGUIRE, 110 Thwing St., St. Clair, Pa.

There is nothing that touches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

FASHION SAYS IT'S THE THING

THE CORRECT CORSET—the Corset showing the medium height bust, the modish flat back, the straight front, the slightly nipped-in waist. Fashion says it's the thing.
—In short, the Corset of medium proportions, the Corset following the natural figure curves, affording beautiful lines and comfort combined is the Corset authentic.

—The new models of American Lady Corsets reflect every detail of fashion and afford the absolutely correct foundation for this season's styles.
—There are American Lady Corsets both back lace and front lace, for all figures, for all occasions, for all purses. Will you not ask to see the American Lady Corset Model designed for YOUR particular requirements? It will afford you perfect style and comfort combined.

American Lady Corset Style No. 258 as Pictured

—This is a popular new model with medium long hip and medium high bust. Made of coutil and has a small elastic gore in back. A very fine value when one considers carefully the price of only \$1.50.

American Lady Corset Style No. 346 as Pictured

—Another new model which is proving very popular. A splendid Corset for stout figures. Has graduated stay in front and is reinforced through the front. Made of coutil and has medium high bust and long hip. Sells for \$2.00.

American Lady Corset
Style No. 258
\$1.50

American Lady Corset
Style No. 346
\$2.00

—Women of fashion, of taste, of discrimination are the most particular in dress. Such women are not mere chance dressers. They know dress—they demand lines. They choose American Lady Corsets because they recognize them as the correct in corsetry. Besides the models illustrated there are many others at \$1.00, \$1.50, \$2.00, \$2.50, \$3.00, \$3.50 and \$5.

Services of a Graduate Corsetiere Always at Your Disposal.

The Wardrobe of Every Well Dressed Woman

—Invariably includes a plentiful supply of fresh, new WAISTS. Being fresh, new and pretty doesn't necessarily mean that they must be high priced. Of popular-priced waists we have a splendid showing. The following are notable features:

Plaid Messalines \$1.98

—These most charming style creations are shown in the dark, rich colorings favored this season. They have combination high-low collars and long sleeves, and are certainly splendid values at \$1.98.

Tub Silks \$2.48

—Tub Silks Waists are shown in alluring candy stripes of such colors as brown, blue-green, red, purple, pink and yellow. These also have combination high-low collars and long sleeves.

At \$3.50

—We have a most distinctive display of Messaline and Silk Waists of a better grade. These, too, have the combination high-low collars, long sleeves and are shown in the favorite dark colors.

ARTISTIC
ENGRAVING

—Correct social forms of all kinds of fashionable engravings are executed in our artistry department promptly and efficiently at lowest prices. We have, also, at all times, a splendid stock of Blot, Gum and Price Social Stationery, from which there is none better.
